

Nutrition Services Department
Advisory

Contact: Jill VanDyke, Director
Nutrition Services
916-566-1612

The United States Department of Agriculture (USDA) has issued an immediate recall of all peanut butter products manufactured by the Peanut Corporation of America due to the risk of Salmonella. They state that no peanut butter product from this manufacturer has been distributed through USDA commodity programs.

In response, ALL peanut butter products served in the Twin Rivers School District will be discontinued until further notice until all commercial product sources have been verified. Please note that this peanut butter is distributed through food service venues only. It is not sold directly to consumers.

Be assured that the Twin Rivers Nutrition Services Department will not serve any food items that have not been cleared by the USDA as being safe for consumption.

For more information on the recall, you may call the U.S. Food and Drug Administration at 1-888-463-6332 or view their web site at <http://www.fda.gov/default.htm>
